

AR

Super Strength Adhesive Remover and Cleaner

Clear

- Ideal for Clean-Up of Bathtub Surround Installations
- Designed to Remove Most Solvent-based Contact Adhesives
- Non-Corrosive
- Cleans Many Surfaces
- HAPs Free, Contains no CFCs

At Westech, our efforts are focused on producing high quality, industrial strength adhesives. We sell our products in a wide variety of markets at a competitive price. With a profound understanding of our customers' needs and years of industry experience, we continue to develop new products and applications to serve our current and future customers.

Westech's AR Industrial Strength Contact Adhesive Remover and Cleaner is specifically designed to remove Westech brand adhesives from a variety of surfaces. It works well on plastics, vinyl covered panels and countertop laminates.

Westech's self contained, environmentally friendly, portable canister system was designed for ease of use. The canister is equipped with a reusable hose and gun. Its portability enables you to apply remover in your facility as well as on the job site. This product is available in handheld aerosol cans and 9 lb. canisters.

AR can be used to clean up overspray on laminate and aid in clean-up. This product is blended to minimize damage to plastic tub wall surrounds.

- Removes all types of solvent-based adhesives.
